

Vidensgrundlag – Engelsk

De studerende skal have en vidensbaseret og undersøgende tilgang til udvikling af deres egen og skolens praksis. Vidensgrundlaget i læreruddannelsens engelskfag er tænkt som en anvendelsesorienteret litteraturliste, der er organiseret både alfabetisk og i forhold til fagets vidensformer. Litteraturlisten er dynamisk og vil blive opdateret løbende.

Kategori	Uddybende forklaring af kategorien	Eksempler
Forskningslitteratur	Artikler, ph.d.-afhandlinger, rapporter og bøger. Forskningslitteratur er peer-reviewet og omhandler både faglige og fagdidaktiske områder. Kategorien indeholder desuden forskningsrapporter med relevante nyheder om skoleudvikling.	<p>Nedenstående udgivelser i denne kategori er alle eksempler på forskningslitteratur, som inddrages i læreruddannelsen. De er peer-reviewed; ca. 2/3 er præsentation og analyse af forskningsstudier, resten har enten status af review-artikler eller uddybende indlæg fra forskere til allerede udgivet forskningslitteratur. Der er langt væk på nyere litteratur, dvs. 2010 og frem.</p> <p>Almurachi, Wael Abdulrahman (2016) <i>An Introduction to Halliday's Systemic Functional Linguistics</i> Journal for study of English Linguistics, 2016, v.4, no.1</p> <p>Andersen, L.K.
